BULLETIN (9/1/2026)

Pharmacy Update - Notice of Changes to Prior Authorization Requirements and Coverage Criteria for UnitedHealthcare Commercial

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Actimmune	Notification	Actimmune® (interferon gamma-1b)	Annual review with no changes to coverage criteria. Updated reference.	9/1/2026
Aklief	Medical Necessity	Aklief® (trifarotene) cream	Annual review. No changes.	9/1/2026
Alecensa	Notification	Alecensa® (alectinib)	Annual review with no changes to clinical coverage criteria. Updated references.	9/1/2026
Anticonvulsants	Notification	Aptiom® (eslicarbazepine acetate), Banzel® (rufinamide), Briviact® (brivaracetam), Diacomit® (stiripentol), Epidiolex® (cannabidiol), Fintepla® (fenfluramine), Fycompa® (perampanel), Libervant (diazepam)TM, Nayzilam® (midazolam), Onfi® (clobazam), Sabril®* (vigabatrin), Sympazan® (clobazam), Valtoco® (diazepam), Vigadrone® (vigabatrin), Vigafyde™ (vigabatrin), Vigpoder™ (vigabatrin), Xcopri® (cenobamate), Ztalmy® (ganaxolone)	Annual review. Updated references.	9/1/2026
Anti-depressants - Auvelity, Exxua, Trintellix, Fetzima	Step Therapy	Auvelity® (dextromethorphan/bupropion), Exxua™ (gepirone), Trintellix (vortioxetine) and Fetzima® (levomilnacipran)	Added Auvelity’s new indication for agitation associated with dementia due to Alzheimer’s Disease.	9/1/2026
Berinert	Step Therapy	Berinert® (C1 esterase inhibitor [human])	Annual review with no changes to criteria.	9/1/2026
Braftovi	Notification	Braftovi® (encorafenib)	Annual review. Added small bowel adenocarcinoma to colon/rectal cancer. Simplified used in combination criteria. Simplified reauthorization criteria to clinical response. Added criteria for appendiceal neoplasms and cancer. Updated background and references.	9/1/2026
Cardiovascular Disease Prevention Zero Cost Share	Prior Authorization / Regulatory	atorvastatin (generic Lipitor) 10 mg and 20 mg and simvastatin (generic Zocor) 5 mg, 10 mg, 20 mg, 40 mg	Annual review. Updated references.	9/1/2026
Cetrotide, ganirelix acetate	Notification	Cetrotide® (cetorelix acetate) and ganirelix acetate	Annual review. Updated background and references.	9/1/2026
Cipro HC - Essential PDL Only	Step Therapy	Cipro® HC (ciprofloxacin/hydrocortisone)	Annual review. Updated references.	9/1/2026
Cometriq	Notification	Cometriq® (cabozantinib)	Annual review. Updated references.	9/1/2026
Cosentyx	Notification	Cosentyx® (secukinumab) prefilled syringe or Sensoready pen	Updated background for AS treatment. Updated examples for PsO with no change to clinical intent. Updated reference.	9/1/2026
Cosentyx	Medical Necessity	Cosentyx® (secukinumab) prefilled syringe or Sensoready pen	Updated background for AS treatment. Updated examples for PsO with no change to clinical intent. Updated reference.	9/1/2026
Ctexli	Medical Necessity	Ctexli® (chenodiol)	Annual review. Removed term cholestanol storage disease without change to clinical intent. Updated references.	9/1/2026
Ctexli	Notification	Ctexli® (chenodiol)	Annual review. Removed term cholestanol storage disease without change to clinical intent. Updated references.	9/1/2026

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Diabetes Medications - DPP4 Inhibitors	Step Therapy	Januvia® (sitagliptin), Janumet® (sitagliptin/metformin immediate-release), Janumet® XR (sitagliptin/metformin extended-release), Sitagliptin (Zituvio™ authorized generic), Sitagliptin/Metformin (Zituvimet authorized generic), Sitagliptin/Metformin extended-release (Zituvimet XR authorized generic), Zituvio (sitagliptin), Zituvimet, Zituvimet XR (sitagliptin/metformin extended-release)	Archive program.	9/1/2026
Diabetes Medications - DPP4 Inhibitors - Custom Oxford SoNY and SoCT - Diabetes Medications - DPP4 Inhibitors	Medical Necessity	Januvia® (sitagliptin), Janumet® (sitagliptin/metformin immediate-release), Janumet® XR (sitagliptin/metformin extended-release), Sitagliptin (Zituvio™ authorized generic), Sitagliptin/Metformin (Zituvimet authorized generic), Sitagliptin/Metformin extended-release (Zituvimet XR authorized generic), Zituvio (sitagliptin), Zituvimet, Zituvimet XR (sitagliptin/metformin extended-release)	Archive program.	9/1/2026
Dupixent	Medical Necessity	Dupixent® (dupilumab)	Updated background for CSU indication. Update reference.	9/1/2026
Dupixent	Notification	Dupixent® (dupilumab)	Updated background for CSU indication. Update reference.	9/1/2026
Entresto	Notification	Entresto® (valsartan-sacubitril)	Annual review with no changes.	9/1/2026
Filspari	Medical Necessity	Filspari™ (sparsentan)	Added FSGS diagnosis for Filspari. Updated references.	9/1/2026
Filspari, Vanrafia	Notification	Filspari™ (sparsentan), Vanrafia™ (atrasentan)	Annual review. Added FSGS diagnosis for Filspari. Updated references.	9/1/2026
Follistim AQ, Gonal-f, Goinal-f RFF, Menopur - Supported By Fertility Solutions	Medical Necessity	Follistim® AQ (follitropin beta), Gonal-f™ (follitropin alfa), Gonal-f™ RFF (follitropin alfa), Menopur® (menotropins)	Annual review with no changes to coverage criteria. Updated background and references.	9/1/2026
Follistim AQ, Gonal-f, Gonal-fRFF	Notification	Follistim® AQ (follitropin beta), Gonal-f® (follitropin alfa), Gonal-f RFF® (follitropin alfa)	Updated term "controlled ovarian stimulation" to "ovarian stimulation" within ovarian stimulation section for consistency. Updated background and references.	9/1/2026
Gilotrif	Notification	Gilotrif® (afatinib)	Annual review. Updated coverage criteria for non-small cell lung cancer and non-nasopharyngeal head and neck cancer to align with NCCN. Updated references.	9/1/2026
Hepcludex	Medical Necessity	Hepcludex® (bulevirtide-gmod)	New program	9/1/2026
Hepcludex	Notification	Hepcludex® (bulevirtide-gmod)	New program	9/1/2026
Human Growth Hormone, Growth Stimulating Products	Medical Necessity	Human Growth Hormone: Somatropin (Genotropin®, Humatrope®, Norditropin®, Nutropin AQ NuSpin®, Omnitrope®, Saizen®, Serostim®, Zomacton®, Zorbtive®), Skytrofa™, (lonapegsomatropin-tcgd), Sogroya®(somapacitan-beco), Ngenla™ (somatrogon-ghla) Growth Stimulating Products: Mecasermin (Increlex®)	Removed dosing requirements. Added GHD in transition phase adolescent patients as covered indication for Skytrofa and Sogroya. Removed Sogroya from exclusion footnote. Updated references.	9/1/2026
Human Growth Hormone, Growth Stimulating Products	Notification	Human Growth Hormone: Somatropin (Genotropin®, Humatrope®, Norditropin®, Nutropin AQ NuSpin®, Omnitrope®, Saizen®, Serostim®, Zomacton®, Zorbtive®), Skytrofa™, (lonapegsomatropin-tcgd), Sogroya®(somapacitan-beco), Ngenla™ (somatrogon-ghla) Growth Stimulating Products: Mecasermin (Increlex®)	Added GHD in transition phase adolescent patients as covered indication for Skytrofa and Sogroya. Removed Sogroya from exclusion footnote. Updated references.	9/1/2026
Imcivree	Medical Necessity	Imcivree® (setmelanotide)	New program. Imcivree moved out of program number 1114 to separate criteria.	9/1/2026
Imcivree	Notification	Imcivree® (setmelanotide)	New program.	9/1/2026
Insulin Delivery Devices - CeQur Simplicity, InPen	Step Therapy	CeQur Simplicity™, InPen™	Annual review. Updated references.	9/1/2026
Intrarosa	Medical Necessity	Intrarosa® (prasterone)	Annual review. Updated references.	9/1/2026

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Iron Chelators - Exjade, Jadenu, Ferriprox	Notification	Exjade [®] (deferasirox), Jadenu [®] (deferasirox), and Ferriprox [®] (deferiprone)	Annual review. No changes to coverage criteria.	9/1/2026
Isturisa	Notification	Isturisa [®] (osilodrostat)	Annual review with no change to coverage criteria. Updated reference.	9/1/2026
Kalydeco	Medical Necessity	Kalydeco [®] (ivacaftor)	Annual review. No changes to coverage criteria. Updated reference.	9/1/2026
Kalydeco	Notification	Kalydeco [®] (ivacaftor)	Annual review. No changes to coverage criteria. Updated references.	9/1/2026
Ketoconazole foam	Step Therapy	Ketoconazole foam	Annual review. Updated references.	9/1/2026
Kevzara	Medical Necessity	Kevzara [®] (sarilumab) Injection	Annual review. Updated step and combination examples and language with no change to clinical intent.	9/1/2026
Kevzara	Step Therapy	Kevzara [®] (sarilumab) Injection	Annual review. Updated step examples with no change to clinical intent. Updated references.	9/1/2026
Kineret	Step Therapy	Kineret [®] (anakinra)	Annual review. Updated step examples referencing preferred products with no change to clinical intent. Added footnote “bFor a list of preferred products please reference drug coverage tools”. Updated references.	9/1/2026
Kisqali	Notification	Kisqali [®] (ribociclib)	Annual review. No changes to coverage criteria. Updated references.	9/1/2026
Kisqali Femara Co-Pack	Notification	Kisqali [®] Femara [®] Co-Pack (ribociclib/letrozole)	Annual review. Updated references. No changes to coverage criteria.	9/1/2026
Lumryz, Xyrem, Xywav	Medical Necessity	Lumryz [™] (sodium oblate), sodium oxybate (generic Xyrem manufactured by Amneal & Camber), sodium oxybate (generic Xyrem manufactured by Hikma), Xyrem [®] (sodium oxybate), Xywav [®] (calcium, magnesium, potassium, and sodium oxybates)	Added requirement to not have duplicate therapy with another oxybate product. Updated to include generic Xyrem by Camber as typically excluded. Updated references.	9/1/2026
Lupkynis	Notification	Lupkynis [®] (voclosporin)	Annual review. Added patient is not receiving in combination with Benlysta or Gavyza. Updated reference.	9/1/2026
Lupkynis	Medical Necessity	Lupkynis [®] (voclosporin)	Annual review. Added Gazyva as a not used in combination agent. Updated references.	9/1/2026
Menopur	Notification	Menopur [®] (menotropins)	Annual review. Updated background and references.	9/1/2026
Nemluvio	Medical Necessity	Nemluvio [®] (nemolizumab-ilto)	Annual review with no change to coverage criteria. Updated reference.	9/1/2026
Nemluvio	Notification	Nemluvio [®] (nemolizumab-ilto)	Annual review with no change to coverage criteria. Updated reference.	9/1/2026
Ninlaro	Notification	Ninlaro [®] (ixazomib)	Annual review. Update to verbiage with no change in clinical intent. Updated reference.	9/1/2026
Novarel, Ovidrel, Pregnyl	Notification	Novarel [®] (chorionic gonadotropin), Ovidrel [®] (choriogonadotropin alfa), and Pregnyl [®] (chorionic gonadotropin)	Annual review. Updated background and references.	9/1/2026
Ocaliva	Medical Necessity	Ocaliva [®] (obeticholic acid)	Archive program.	9/1/2026
Ocaliva	Notification	Ocaliva [®] (obeticholic acid)	Archive program.	9/1/2026
Ocaliva	Step Therapy	Ocaliva [®] (obeticholic acid)	Archive program.	9/1/2026
Ojemda	Notification	Ojemda [™] (tovorafenib)	Annual review. Updated criteria by expanding the types of gliomas per NCCN. Updated references.	9/1/2026
Opioid-containining cough medicines	Medical Necessity	Opioid-containing cough medicines (including but not limited to: Tuxarin ERTM, codeine/phenylephrine/promethazine, codeine/promethazine, hydrocodone/homatropine, hydrocodone bitartrate/guaifenesin, hydrocodone polistirex/chlorpheniramine polistirex, hydrocodone bitartrate/chlorpheniramine, Hycodan [®])	Annual review. Updated references.	9/1/2026
Orkambi	Medical Necessity	Orkambi [®] (lumacaftor/ivacaftor)	Annual review. No changes to coverage criteria. Updated reference.	9/1/2026
Orkambi	Notification	Orkambi [®] (lumacaftor/ivacaftor)	Annual review. No changes to coverage criteria. Updated reference.	9/1/2026

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Palynziq	Medical Necessity	Palynziq™ (pegvaliase-pqpz)	Annual review. Updated background with expanded indication in pediatric patients 12 years of age and older. Added examples of branded and branded generics of sapropterin to combination use criterion. Updated language in sapropterin step bypass due to biallelic PAH pathogenic variants with no residual enzyme activity with no change in clinical intent. Updated references.	9/1/2026
Palynziq	Notification	Palynziq™ (pegvaliase-pqpz)	Annual review. Updated background with expanded indication in pediatric patients 12 years of age and older. Added examples of branded and branded generics of sapropterin. Updated references.	9/1/2026
Palynziq	Step Therapy	Palynziq™ (pegvaliase-pqpz)	Annual review. Updated background with expanded indication in pediatric patients 12 years of age and older. Updated language in sapropterin step bypass due to biallelic PAH pathogenic variants with no residual enzyme activity with no change in clinical intent. Updated references.	9/1/2026
Plans with Weight Loss/Appetite Suppression Medication Coverage	Notification	Includes both brand and generic versions and all formulations of the listed products unless otherwise noted: Weight Loss/Appetite Suppression – phentermine (all brand products including Adipex-P® and Lomaira™), benzphetamine, Contrave® (naltrexone HCl and bupropion HCl, diethylpropion, Foundayo™ (orforglipron), phendimetrazine, orlistat (Xenical®), Qsymia® (phentermine and topiramate extended-release), Saxenda® (liraglutide), Wegovy® (semaglutide) injection, Wegovy® (semaglutide) tablet, Wegovy HD (semaglutide) and Zepbound™ (tirzepatide)	Added Foundayo and Wegovy HD to criteria. Moved Imcivree and Vykatece XR to separate criteria.	9/1/2026
Procysbi	Notification	Procysbi® (cysteamine bitartrate)	Annual review with no changes to criteria. Updated references.	9/1/2026
Procysbi	Step Therapy	Procysbi® (cysteamine bitartrate)	Annual review with no changes to step criteria. Updated references.	9/1/2026
Rydapt	Notification	Rydapt® (midostaurin)	Annual review. Updated initial authorization criteria for AML per NCCN Compendium. Updated background and references.	9/1/2026
Samsca	Notification	Samsca® (tolvaptan)	Annual review. Added criterion requiring either serum sodium < 125 mEq/L or less marked hyponatremia that is symptomatic.	9/1/2026
SGLT2 Inhibitors	Step Therapy	Brenzavvy® (bexagliflozin)	Removed all medications from program except Brenzavvy.	9/1/2026
SGLT2 Inhibitors - Oxford	Medical Necessity	Brenzavvy® (bexagliflozin)	Removed all medications from program except Brenzavvy.	9/1/2026
Stivarga	Notification	Stivarga® (regorafenib)	Annual review. Added coverage for appendiceal neoplasms. Updated coverage for colorectal cancer, soft tissue sarcoma, and gastrointestinal stromal tumors per NCCN. Updated background and references.	9/1/2026
Sucraid	Medical Necessity	Sucraid (sacrosidase) oral solution	Within initial authorization section, removed lactase activity from small bowel endoscopic biopsy requirement, updated prescriber requirement, and added requirements involving evaluation and management of competing etiologies of GI symptoms, nutrition consultation, and baseline symptom severity documentation. Within reauthorization section, added specific measures for positive clinical response requirement, updated dietary modification criterion and removed specialty prescriber requirement. Updated references.	9/1/2026
Supply Limits - Greater than 34 day supply for opioids at retail	Misc	Supply Limits - Greater than 34 day supply for opioids at retail - Includes all salt forms, single and combination ingredient products short-acting and long-acting opioid formulations, and all brand and generic formulations	Annual review. No changes.	9/1/2026

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Symdeko	Medical Necessity	Symdeko® (tezacaftor/ivacaftor)	Annual review. No changes to coverage criteria. Updated references.	9/1/2026
Symdeko	Notification	Symdeko® (tezacaftor/ivacaftor)	Annual review. Updated reference. No changes to coverage criteria.	9/1/2026
Syprine, Trientine hydrochloride	Notification	Syprine® (trientine hydrochloride)*, Trientine hydrochloride	Annual review with no changes to criteria.	9/1/2026
Tagrisso	Notification	Tagrisso® (osimertinib)	Annual review. Updated background and criteria for NSCLC per NCCN.	9/1/2026
Tocilizumab - Actemra, Avtozma, Tyenne	Medical Necessity	Tocilizumab: Actemra® (tocilizumab), Avtozma® (tocilizumab-anoh), and Tyenne® (tocilizumab-aazg)	Tyenne noted as typically excluded from coverage starting 9/1/2026.	9/1/2026
Tocilizumab - Actemra, Avtozma, Tyenne	Notification	Tocilizumab: Actemra® (tocilizumab), Avtozma® (tocilizumab-anoh), and Tyenne® (tocilizumab-aazg)	Tyenne noted as typically excluded from coverage starting 9/1/2026.	9/1/2026
Tocilizumab - Actermra, Actemra ACTPen, Avtozma, Tyenne	Step Therapy	Tocilizumab: Actemra® (tocilizumab), Actemra (tocilizumab) ACTPen, Avtozma® (tocilizumab-anoh), and Tyenne® (tocilizumab-aazg)	Tyenne noted as typically excluded from coverage starting 9/1/2026.	9/1/2026
Ustekinumab	Medical Necessity	Ustekinumab: Imuldosa (ustekinumab-srlf), Otulfi® (ustekinumab-aaaz), Pyzchiva® (ustekinumab-ttwe), Selarsdi™ (ustekinumab-aekn), Starjemza™ (ustekinumab-hmny), Stelara® (ustekinumab), Steqeyma® (ustekinumab-stba), Ustekinumab-ttwe, Wezlana™ (ustekinumab-auub), and Yesintek™ (ustekinumab-kfce)	Updated background for CD treatment. Updated examples for PsO with no change to clinical intent. Updated reference.	9/1/2026
Ustekinumab	Notification	Ustekinumab: Imuldosa (ustekinumab-srlf), Otulfi® (ustekinumab-aaaz), Pyzchiva® (ustekinumab-ttwe), Selarsdi™ (ustekinumab-aekn), Starjemza™ (ustekinumab-hmny), Stelara® (ustekinumab), Steqeyma® (ustekinumab-stba), Ustekinumab-ttwe, Wezlana™ (ustekinumab-auub), and Yesintek™ (ustekinumab-kfce)	Updated background for CD treatment. Updated examples for PsO with no change to clinical intent. Updated reference.	9/1/2026
Vijoice	Notification	Vijoice® (alpelisib)	Annual review without changes to coverage criteria. Updated reference.	9/1/2026
Vijoice	Medical Necessity	Vijoice® (alpelisib)	Annual review without changes to coverage criteria. Updated references.	9/1/2026
Vykat XR	Medical Necessity	Vykat XR™ (diazoxide choline)	New program. Vykat XR moved out of program number 1114 to separate criteria.	9/1/2026
Vykat XR	Notification	Vykat XR™ (diazoxide choline)	New program.	9/1/2026
Winrevair	Notification	Winrevair™ (sotatercept-csrk)	Annual review. Updated background. No changes to coverage criteria.	9/1/2026
Winrevair	Medical Necessity	Winrevair™ (sotatercept-csrk)	Annual review. No changes to coverage criteria. Updated background and reference.	9/1/2026
Xermelo	Notification	Xermelo® (telotristat ethyl)	Annual review with no changes to criteria.	9/1/2026
Xtandi	Notification	Xtandi® (enzalutamide)	Annual review with no change to coverage criteria. Updated reference.	9/1/2026
Xuriden	Notification	Xuriden® (uridine triacetate)	Annual review with no changes to criteria.	9/1/2026
Xyntha	Medical Necessity	Xyntha® (antihemophilic factor [recombinant])	Removed discontinued product Kogenate FS. Updated references.	9/1/2026
Xyntha	Step Therapy	Xyntha® (antihemophilic factor [recombinant])	Removed discontinued product Kogenate FS. Updated references.	9/1/2026
Zepbound - Non-Formulary - Obstructive Sleep Apnea Only	Prior Authorization / Non-Formulary	Zepbound® (tirzepatide) – Obstructive Sleep Apnea Only	Updated reauthorization criteria to not require AHI/RDI/REI reduction for patients on PAP therapy. Updated prescriber requirement to include pulmonologist, otolaryngologist, and physicians experienced in the evaluation and management of obstructive sleep apnea.	9/1/2026
Zilxi	Step Therapy	Zilxi® (minocycline)	Annual review. Updated references.	9/1/2026

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Adalimumab	Medical Necessity	Adalimumab: Abrilada™ (adalimumab-afzb), Adalimumab-aacf (unbranded Idacio), Adalimumab-aaty (unbranded Yuflyma), Adalimumab-adaz (unbranded Hyrimoz), Adalimumab-adbm (unbranded Cyltezo), Adalimumab-fkjp (unbranded Hulio), Amjevita™ (adalimumab-atto), Cyltezo® (adalimumab-adbm), Hadlima™ (adalimumab-bwwd), Hulio® (adalimumab-fkjp), Humira® (adalimumab), Hyrimoz® (adalimumab-adaz), Idacio® (adalimumab-aacf), Simlandi® (adalimumab-ryvk), Yuflyma® (adalimumab-aaty), and Yusimry™ (adalimumab-aqvh)	Added adalimumab-aaty (unbranded Yuflyma) as a covered product.	10/1/2026
Adalimumab	Notification	Adalimumab: Abrilada™ (adalimumab-afzb), Adalimumab-aacf (unbranded Idacio), Adalimumab-aaty (unbranded Yuflyma), Adalimumab-adaz (unbranded Hyrimoz), Adalimumab-adbm (unbranded Cyltezo), Adalimumab-fkjp (unbranded Hulio), Amjevita™ (adalimumab-atto), Cyltezo® (adalimumab-adbm), Hadlima™ (adalimumab-bwwd), Hulio® (adalimumab-fkjp), Humira® (adalimumab), Hyrimoz® (adalimumab-adaz), Idacio® (adalimumab-aacf), Simlandi® (adalimumab-ryvk), Yuflyma® (adalimumab-aaty), and Yusimry™ (adalimumab-aqvh)	Added adalimumab-aaty (unbranded Yuflyma) as a covered product.	10/1/2026
Albuterol tablets	Medical Necessity	Albuterol tablets	Annual review. Updated references.	10/1/2026
Alhemo	Medical Necessity	Alhemo® (concizumab-mtci)	Added “or reduction in frequency” to all indications. Per expanded FDA Hympavzi label, updated step therapy coverage criteria for hemophilia A with factor VIII inhibitors and hemophilia B with factor IX inhibitors. Updated background and references.	10/1/2026
Alhemo	Step Therapy	Alhemo® (concizumab-mtci)	Per expanded FDA label for Hympavzi, updated step therapy coverage criteria to include hemophilia A with factor VIII inhibitors and hemophilia B with factor IX inhibitors. Updated background and references.	10/1/2026
Avmapki Fakzynja Co-Pack	Notification	Avmapki™ Fakzynja™ Co-Pack (avutometinib; defactinib)	Annual review with no changes. Updated reference date.	10/1/2026
Ayvakit	Notification	Ayvakit® (avapritinib)	Annual review. Updated references.	10/1/2026
Benlysta	Notification	Benlysta® (belimumab) This program applies to the subcutaneous formulation of belimumab	Annual review. Updated not used in combination drugs without change in clinical intent. Updated reference.	10/1/2026
Berinert	Notification	Berinert® (C1 esterase inhibitor, human)	Annual review. Updated examples of therapies for acute HAE attacks.	10/1/2026
Carbaglu	Notification	Carbaglu® (carglumic acid)	Annual review with no changes to coverage criteria.	10/1/2026
Cibinqo	Medical Necessity	Cibinqo®(abrocitinib) tablets	Annual review with no change to critical criteria. Updated references.	10/1/2026
Constipation agents	Notification	Amitiza® (lubiprostone), Ibsrela® (tenapanor), Linzess® (linaclotide), Motegrity® (prucalopride), Movantik® (naloxegol), Relistor® (methylnaltrexone) tablets, Symproic® (naldemedine), Trulance® (plecanatide)	Annual review. Updated Linzess indication to include expanded age range for functional constipation to 2 years and older as well as for irritable bowel syndrome with constipation in those 7 years and older in background section. Updated references.	10/1/2026
Constipation agents	Step Therapy	Ibsrela® (tenapanor), Motegrity® [(prucalopride) brand only], Movantik® (naloxegol), Relistor® (methylnaltrexone) tablets, Trulance® (plecanatide)	Annual review. Updated references.	10/1/2026
Demser	Notification	Demser® (metyrosine)	Annual review. No changes.	10/1/2026

Guideline/Policy Name	UM Type	Trade Name (Generic Name)	Summary of Changes	Implementation Date
Diclofenac 3% gel (generic Solaraze)	Notification	Diclofenac 3% gel (generic Solaraze)	Annual review. Updated to generic name upon brand discontinuation. Included that supply limits may apply under additional clinical rules.	10/1/2026
Duvyzat	Medical Necessity	Duvyzat™ (givinostat) oral suspension	Annual review with no changes to criteria.	10/1/2026
Duvyzat	Notification	Duvyzat™ (givinostat) oral suspension	Annual review with no changes to criteria.	10/1/2026
Fasenra	Notification	Fasenra® (benralizumab) *This program applies to the prefilled autoinjector formulation.	Annual review. Updated examples of anti-interleukin 5 therapies. Added coverage criteria for hypereosinophilic syndrome. Updated background and references.	10/1/2026
Fasenra	Medical Necessity	Fasenra® (benralizumab) *This program applies to the prefilled autoinjector formulation.	Annual review. Added Exdensur (depemokimab) to the list of examples of anti-interleukin 5 therapies. Added coverage criteria for hypereosinophilic syndrome. Updated background and references.	10/1/2026
Hympavzi	Medical Necessity	Hympavzi® (marstacimab-hncq)	Added “or reduction in frequency” to all indications. Per expanded FDA label, updated age requirements and added coverage criteria for hemophilia A with factor VIII inhibitors and hemophilia B with factor IX inhibitors. Updated background and references.	10/1/2026
Hympavzi	Notification	Hympavzi® (marstacimab-hncq)	Per expanded FDA label, updated age requirements and added coverage criteria for hemophilia A with factor VIII inhibitors and hemophilia B with factor IX inhibitors. Updated background and references.	10/1/2026
Ibrance	Step Therapy	Ibrance® (palbociclib)	Removed criterion requiring Ibrance be used in combination with an aromatase inhibitor or Faslodex.	10/1/2026
Imcivree	Medical Necessity	Imcivree® (setmelanotide)	Updated to include new FDA approved indication for acquired hypothalamic obesity and updated reauthorization requirements to include measures for pediatric patients.	10/1/2026
Inqovi	Notification	Inqovi® (decitabine and cedazuridine) tablet	Added coverage criteria for AML. Updated background and references.	10/1/2026
Juxtapid	Medical Necessity	Juxtapid® (lomitapide)	Updated step therapy coverage criteria based on updated FDA indication by separating tried/failed therapies based on age limitations for Repatha. Added requirements for claim history or submission of medical records to document current therapy with Juxtapid in order to bypass step therapy criteria. Removed requirement to not be used in combination with PCSK9s based on updated guidelines. Updated background and references.	10/1/2026
Juxtapid	Notification	Juxtapid® (lomitapide)	Updated background and reference.	10/1/2026
Juxtapid	Step Therapy	Juxtapid® (lomitapide)	Annual review. Updated background and references. Updated coverage criteria based on updated FDA indication by separating tried/failed therapies based on age limitations for Repatha.	10/1/2026
Lerochol	Medical Necessity	Lerochol® (lerodalcibep-liga)	New program.	10/1/2026
Lerochol	Notification	Lerochol® (lerodalcibep-liga)	New program.	10/1/2026
Lerochol	Step Therapy	Lerochol® (lerodalcibep-liga)	New program.	10/1/2026
Lumakras	Notification	Lumakras™ (sotorasib)	Annual review. Updated criteria for NSCLC, pancreatic adenocarcinoma, ampullary adenocarcinoma, colon and rectal cancer, and small bowel adenocarcinoma. Added criteria for appendiceal neoplasms and cancers. Updated background and references.	10/1/2026
